

Medical Reserve Corps

Volunteers Building Strong, Healthy, and Prepared Communities

Medical Reserve Corps Monthly Report: October 2020

Monthly at a Glance

796 MRC units

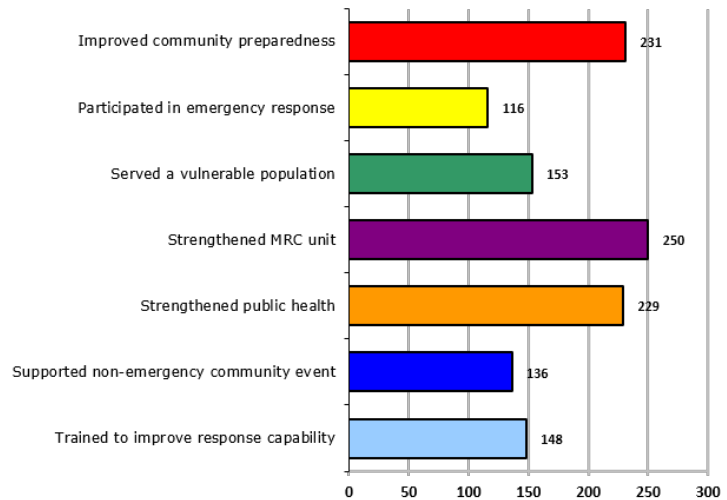

186,369 volunteers

MRC units participated in more than **200** activities that strengthened public health.

Kane County Medical Reserve Corps (IL) support a drive-through flu vaccination clinic.

493 MRC activities reported

The number of activities notes the number of unique entries by MRC unit leaders for the current month. MRC unit leaders also select impact areas for each activity, which may include multiple categories. In addition, MRC leaders may not have reported ongoing activities. Thus, the numbers in the bar chart may not equal the total number of actual activities.

MRC: Building Strong, Healthy, and Prepared Communities

- ★ Members of the **Snohomish County Medical Reserve Corps (WA)** supported COVID-19 community testing operations.
- ★ At three public health centers in the greater Seattle area, volunteers with the **Public Health Reserve Corps of Seattle and King County (WA)** assisted with COVID-19 screening.
- ★ During a flu vaccination clinic for first responders, the **Philadelphia Medical Reserve Corps (PA)** helped with data collection, vaccine assembly, and vaccination of first responders and their families.
- ★ In anticipation of a COVID-19 vaccine, the **Rensselaer County DOH MRC (NY)** began training on New York State's Countermeasure Data Management System.
- ★ The **Pickaway County MRC (OH)** held a mass flu vaccine clinic as a test run for COVID-19 vaccine distribution.
- ★ In response to Hurricane Delta, the **Calcasieu Medical Reserve Corps (LA)** assisted with evacuations to the Burton Coliseum in Lake Charles, LA.
- ★ The **Weber County Medical Reserve Corps (UT)** participated in a vaccination point of dispensing dry run to assess supply caches and identify gaps and weaknesses in mass dispensing.
- ★ To help mitigate a COVID-19 outbreak, members of the **San Luis Obispo County MRC (CA)** assisted with the testing of a congregate care facility.

Strengthening the MRC Network and Enhancing Connectivity with Partners
